...machine lighted grace-
...a valley beyond the hills
...ver. This and other recent
...onstrations prove the success
...the airship and there is no dis-
...puting the fact that it has come to
...stay. Years ago man conquered
...the ocean by the aid of the sailing
...vessel, steam and electricity have
...made him master of the globe and
...now his latest conquest is the air.
...It would seem that there were no
...more fields to exploit.

The Herald manifests so much
...interest in progressive farming
...that a friend said to us the other
...day that we ought to go into the
...farming business. The Herald
...does not know much about farming
...from a practical point of view, but
...there is no more interesting study
...in the world than the theory of
...agriculture and if we were a farmer
...we certainly would give some of
...the many theories on the subject
...a practical test. Farming in
...the South is yet in a crude state
...of development and there is no
...vocation that offers a broader and
...more interesting field for experi-
...mental purposes. It has possibili-
...ties that cannot be exaggerated
...and coming generations will wonder
...why their forefathers stumbled over
...and failed to exploit the mines of
...wealth now in their possession.
...Elsewhere in this issue is published
...an article under the caption of
..."Good Farming" which tells of the
...success of a Mr. Taylor, near Fayetteville,
...N. C., that every reader of The
...Herald ought to read and digest.
...It gives a practical illustration of
...the value of intensive farming and
...shows that a small mixture of
...brains and fertilizer will make
...poor land produce more than its
...value in a single season. A thou-
...sand farmers like Mr. Taylor
...would convert every acre of land
...in Marion county into a veritable
...gold mine.

According to The News and

The News and Courier's query
...y "What is Whiskey?" re-
...minds us the innocent-looking
...young Virginian who, when asked
...to take a mint julep, wanted to
...know if it contained whiskey.

A Chicago man has gone to

...trouble there will be if the pesky
...little sparker gets stubborn just
...as the ship soars above a rhinoceros.

It wouldn't be jumping at con-
...clusions to say that the robbers
...who entered a Mullins store and
..."carried away enough clothing to
...last them a life-time" had been
...reading some of the cotton
...literature recently sent out from
...New York.

Taft promised tariff revision
...downward; his party wants tariff
...revision upward. Gov. Brown of
...Georgia promised the prohibition-
...ists that he would veto any bill
...passed by the legislature relating
...to the liquor traffic; now the pro-
...hibitors want a law more drastic
...in its effects in order to cut out
...near-beer. All of which shows that
...pre-election campaign promises
...are mighty foolish things to make.

The Yorkville Enquirer wants
...to know why the jury commission-
...ers put the names of men in the
...boxes whom they know to be un-
...fit for jury service. Well, one
...reason is the jury commissioners
...are politicians and the more unfit
...a man is for a juror the more de-
...lighted he is when he is selected
...for jury duty, and vice versa. A
...deep thinking man remarked
...once that a man who felt hon-
...ored by elevation to public office
...was unfit to perform the duties of
...the office. The same may be said
...of the man who feels flattered when
...he is selected for jury service.

No bronze or marble shaft, no
...splendor of ancient or modern
...tombs and no play of immortal
...genius can adorn the memory of
...such men as Judge Joshua Hilary
...Hudson, soldier, statesman and
...jurist, who passed away at the
...home of his daughter in Green-
...ville last Thursday, but Marlboro
...should erect on her court house
...square a shaft to the memory of
...her "Grand Old Man," and on its
...base should be written his last
...words, an imagined charge to a
...jury: "To do the right as God
...gave them the light to see the
...right." There could be no more
...touching or eloquent sentiment
...inscribed to his memory.

No letter proof can be had,
F. S. Jackson, W. Main St., Dillon,
S. C. says: "I suffered for a long
...time from a lame and aching back and
...often could not straighten after stoop-
...ing. I was unable to sleep well as no
...position I assumed was comfortable.
...The kidney secretions were too fre-
...quent in passage and at times contained
...a dark sediment. I tried a number of
...remedies but was not relieved until I got
...a box of Doan's Kidney Pills at Evans'
...Pharmacy and began their use. They
...greatly relieved my backache and the
...lameness across my loins soon dis-
...appeared. My kidneys are now normal
...and I am not annoyed by the kidney
...secretions. I am pleased to recommend
...Doan's Kidney Pills in return for the
...good they have done me."
